Historic Wickford Village

Begin your visit to our friendly New England village with a walk around the harbor area. The view across the channel opens onto the beauty of Narragansett Bay. Classic sailing vessels, pedigree motor yachts, working fishing boats and modern boats of all kinds share the harbor and provide a visual delight for visitors.

Uplike Park at the corner of Brown and Main Streets honors our Veterans and offers welcoming benches. Walk the tree-shaded streets of Wickford, enjoying the friendly ambiance of 18th and 19th century homes and gardens, shops and parks that make up our village. Benches are plentiful, beckoning you to linger a moment, to rest and enjoy the charm of Wickford.

Parking is easy to find on the streets or in the town lot where you will find public restrooms. There are bed and breakfast establishments close by, and you may even consider a short sail on our resident Dutch sailing vessel, Brandaris. Enjoy an opportunity to slow down and experience the day at the pace of a small town village. Bring your family and friends, the Wickford community welcomes you!
